

## CLOUD-BASED QUALIFIED DIGITAL CERTIFICATE RENEWAL - USER GUIDE

Version 1 March 2020

This guide describes the steps for renewing digital certificates online with cryptographic keys stored in the cloud.

- The online renewal only applies if the information NAME, SURNAME, E-MAIL, ORGANIZATION AND FUNCTION remain the same as in the expiring certificate.
- The renewed certificate will contain the same information as the previous certificate.
- Any request to change the data in the expiring certificate invalidates the ON-LINE procedure.
- The ON-LINE renewal allows the use of the old certificate until it expires.

2. Prerequisites

- You must have a valid certificate issued by Trans Sped.
- The data in the renewed qualified digital certificate must be valid and must NOT be altered.
- The identification data of the holder of the renewed certificate will be identical to those of the certificate to be expired and for which the renewal is performed.
- The device used must have internet access.
- Solution For the above conditions are not met, please use the Standard Renewal.
- Standard Renewal Address: https://uaf.transsped.ro/en/UA\_Person.aspx

## 3. Stages of on-line renewal

1. Access the platform :

<u>https://msign.transsped.ro/serverbku/protected/index.jsf</u> and authenticate based on the existing and valid certificate.

Г

2. Authentication is based on the phone number and password set.

+XXXXXX	number: XXXXXX		
Signature	password:		
••••••	•••••		
en	~		Login
	Trans Sped		
Gш	TSP		
	Your Trusted Service Provider		
An OTP was sent to	your mobile phone.		

View signature data Reference value: J2KZ90IFuM OTP: nghi4d resend SMS Sign	Game Trans Sped		
OTP: nqhi4d resend SMS Sign	View signature data Reference value: j2KZ90lFuM		
resend SMS Sign	OTP:		
resend SMS Sign	nqhi4d		
resend SMS Sign			
	resend SMS	Sign	

3. From the main panel click on "Create new" icon and then click on Start button to issue the certificate.

	🖀 Home	
	E Cloud Qualified × Certificates	
	Create new Show	
Issue a new qualified di	gital certificate	-
To continue the issuance process,	click Start.	Start

- 4. Complete all mandatory fields:
  - Signing password
  - Confirmation or signing password
  - IMPORTANT! REMEMBER THE SIGNATURE PASSWORD YOU SET. IF YOU FORGET IT, the CERTIFICATE CAN NO LONGER BE USED AND IT WILL BE NECESSARY TO REVOCATE IT.
  - Alias (Your chosen name to be used to upload the certificate to your local computer)
  - Email Adress

After filling the fields, the two documents Terms and Conditions and the User Agreement will be displayed, be readed carefully, after which the two boxes will be ticked to express their agreement, and Next button will be pressed.

First Name:	Mihaela
Last Name:	Bunea-Savu
